

EHS (Environmental, Health and Safety)

Drawing on years of experience in handling toxic materials, we monitor exposure and eliminate risks to safely implement materials in your fab.

SERVICE	CATEGORY	TECHNOLOGY	FOCUS AREA
Environment, Health, and Safety (EHS)	Memory	DRAM	Capacitor dielectrics, interfacial layers
		NAND	Charge trap, & dielectrics
		(i)PCM	Chalcogenides
		Emerging NVM	Dielectrics, active layers
	Selector	OTS, MIEC, TMO, MSM	Chalcogenides, switching layers
	Logic	CMOS	Dielectrics
	BEOL	Logic/memory	Liners, spacers
